EXPERIENCE

Oct 2025 - Currently

Nilee Games and
Future Technologies
Pvt. Ltd

Unity Game Developer (1 Year+)

Worked on client and production-level Unity projects across Linux, Android, and Windows, focusing on game structure, quality, polishing, and performance optimization. Developed and optimized kiosk and mobile games, integrated backend data through JSON APIs, and implemented features while gaining experience across different platforms and game development workflows.

May 2025 - Oct 2025

Nilee Games and
Future Technologies
Pvt. Ltd

Unity Game Developer Intern (6 Months)

Worked on multiple Unity games for the Amazon Fire TV/Firestick platform, gaining hands-on experience in game development, optimization, level design, visual improvements, and gameplay implementation. Contributed to both entertainment and educational games while learning different Unity workflows, development practices, and game systems.

Jan 2025 - March 2025

Yellow Cap Games

Unity Game Developer Intern (3 Months)

Started my Unity game development journey by working on an Android game, learning C# and Unity fundamentals, gameplay mechanics, and asset implementation while gaining practical game development experience.

TECHNICAL SKILLS
